

40eme SESSION DU CONSEIL

A l'aube de la nouvelle annee, faisons le point des decisions prises en decembre, lors de la derniere reunion du Conseil, qui ne manqueront pas d'influer sur la vie du CERN en 1969. Un directeur a ete propose pour le projet du 300 GeV, mais la selection du site n'aurapas lieuavant juin. 3,90 MES ont ete votes pour poursuivre le programme en cours, mais les sommes allouees a l'equipe qui prendra le projet en mains ne seront fixees que plus tard dans l'annee. Les depenses couvrant le fonctionnement du CERN Meyrin ont elles aussi ete approuvees; elles se scinderont en 224-,6 MFSpour le programme de base et 88,5 MFS pour les 1SR (en francs 1969). Des reserves ont ete formulees quant aux effectifs du personnel et la question ne sera tranchee qu'enmars. Entre-temps le recrutement se poursuivra sur une base restreinte de facon a ne pas porter prejudice aux decisions finales. Un reajustement des salaires de 5%, courant a partir du 1er Janvier 1969, a ete approuve. Parallelement, des estimations fermes pour 1970 et des determinations provisoires pour 1971 ont ete adoptees. Selon la "procedure Bannier", on aurait egalement du discuter les chiffres de 1972 mais en raisonde l'importance que le 300 GeV aura prise a l'epoque, une reevaluation globale de la situation sera necessaire. Un nouveau bareme des contributions des Etats membres, base sur leur produit national net est applicable pour les 3 prochaines annees. L'Espagne dont la contribution cessera en 1969 restera membre au moins jusqu'enmars; sa lettre exprimant son intention de quitter l'Organisation ne prendra eventuellement effet qu'a l'issue de nouvelles discussions.

As we start 1969, here is a brief reminder of the decisions taken by Council in December that are bound to colour CERN events this year: A director has been proposed for the 300 GeV project, but site selection will not take place before June. A continuing budget of 3»90 million SE to carry on the project was agreed, leaving the decision on the project group budget until later in the year. The CERN-Meyrin budgets were approved at 224.6 million SE for the basic programme and at 88.5 million SE for the ISR, both at current prices. A reservation was made, however, as regards staff numbers, and it will not be until March that these are finally settled. In the meantime, limited recruitment will continue, but this will be restrictedin order not to prejudice the results of the personnel study. Salary scales taking into account a general (salary) increase of 5% were agreed. At the same time firm estimates for 1970 and provisional determinations for 1971 were approved. According to the "Bannier procedure" the figures for 1972 should also have been discussed but in view of the impact of the 300 GeV project a more global review from this time is necessary. A new scale of contributions from member States applies for the next three years; as always, this is based on the net national income of the member countries. Spain's contribution has been set at zero, but at least until March Spain remains a member. A decision on the letter intimating withdrawal from CERN as of January 1 was postponed so that further discussions could take place.

ACADEMIC TRAINING PROGRAMME

(January - June 1969)

The following lecture series have been arranged for the period from January to June 1969. However, as changes may be brought about at short notice, a weekly schedule together with additional information about each series will appear in the CERN Bulletin and on notice boards. Unless otherwise specified, lectures will take place at

11.00 in the Auditorium - CERN.

In most cases, lecture notes will be published later as CERN-yellow reports.

THEORETICAL PHYSICS

(for experimentalists)

- "Gravitation", by W. THIRRING
 - (~5 lectures, on Tuesdays, between 28 January and 25 February).
- "Weak Interactions" (an elementary course), by T.D. LEE (4 lectures in March).
- "Bremsstrahlung, Pair Production and other connected Phenomena in Crystals", by B. FERRETTI (8 to 10 lectures, on Tuesdays, between 15 April and 17 June).

EXPERIMENTAL PHYSICS

- "Electron Scattering, Form Factors and Vector Mesons", by A. MINTEN
 - (3 lectures, on Thursdays, between 23 January and 13 February).
- "K"p Interactions between 400 and 1200 MeV/c: A Bubble-Chamber Experiment described from A to almost Z", by R. ARMENTEROS and M. FERRO-LUZZI
 - (~6 lectures, on Thursdays, between 20 February and 27 March).

APPLIED PHYSICS

- "Charge d'espace dans les accelerateurs", par P. LAPOSTOLLE (9 lecons, depuis le 12 novembre 1968 jusqu'au 21 Janvier 1969).
- "Effects of Radiation on Materials and Components", by B. VITTOZ (University of Lausanne) and M. VAN DE VOORDE (9 lectures, on Wednesdays, from 29 January to 26 March).

APPLIEDMATHEMATICS

- "Laplace Transforms", by K. S. KOLBIG (12 lectures, since 24 October 1968 until 7 Eebruary 1969).
- "Topics in Statistical Analysis selected for High-Energy Physics", by D. DRIJARD, W.T. EADIE, E. JAMES, M. ROOS and B. SADOULET
 - (^10 lectures, on Wednesdays, between 16 April and 25 June).
- "Topics in Numerical Analysis" Part I, by F. LOUIS (~10 lectures, on Thursdays, between 17 April and 26 June).

DATA HANDLING

 "Programming in FORTRAN for CDC Computers of the 6000 Series", by F. LOUIS
 (12 lectures at 14.15, on Mondays, Wednesdays and Fridays, in February).

Caisse d'Assurances

(Caisse de Pensions et Caisse d'Epargne)

ELECTIONS des representants du personnel et des suppleants au **Comite** de Gestion de la Caisse d'Assurances.

Confomiement au reglement de la Caisse d'Assurances, il appartient a l'Administration de la Caisse d'organiser les elections des representants du personnel et des suppliants au Comite* de Gestion de la Caisse,

Nous vous rappelons la composition du Comite* de Gestion :

- 4 membres es qualites : Directeur du Departement de l'Administration (President du **Comite**)

Le Chef de la Division des Finances (Administrateur de la Caisse)

Le Chef de la Division du Personnel

Le membre designe par le Directeur General

- 4 membres titulaires eius par le personnel MM, T. Ball

Po Mollet

F. Iselin *

G. Amato

- 4 suppleants elus par le personnel MM, Y. Chevret

F. Bonaudi

L. Montanet *

J. Geibel

Vous trouverez, ci-dessous, le reglement des elections approuve par le Comiti des Finances et accepte* par 1*Association du Personnel.

Ce reglement a ete elabore en vue de renouveler regulierement les membres eius par les membres de la Caisse, tout en assurant la continuity des travaux du Comite de Gestion.

II y a done lieu de proceder pour 1969 a l'election d*un membre et d*un suppleant.

Reglement relatif a l'election des membres du Comite de Gestion de la Caisse d'Assurances du CERN.

- A) Les quatre titulaires et leurs quatre suppieants representant les membres de la Caisse au Comite de Gestion sont elus au vote secret par le personnel. Les elections sont organisees par VAdministration de la Caisse. Sont titulaires les candidats qui recueillent le plus grand nombre de voix ; sont suppieants les candidats qui recueillent le plus grand nombre de suffrages apres les titulaires.
- B) ${f SOUS}$ reserve des dispositions des paragraphes C) et F) ci-dessous, le mandat des titulaires et de leurs suppieants est de quatre ans. lis sont reeligibles.
- C) Les elections ont lieu chaque année et les elus entrent en fonction le ler Janvier qui suit l'election. Sous reserve des dispositions du paragraphe F) ci-dessous, sont membres sortants les titulaires et les suppliants qui ont siege pendant quatre ans.
- D) II est proceae a des elections pour remplacer simultanement les titulaires et suppieants sortants ou demissionnaires au cours de l'annee. Jusqu'aux elections, les suppieants remplacent les titulaires partis. lis les remplacent egaleraent lorsqu'ils sont empeches d'assister a une reunion. Au sens du present paragraphe, les suppieants remplacent les titulaires par ordre \$'anciennete au Comite ou, a igalite, d*apres le nombre de voix qu'ils ont recueillies aux Elections.
- E) SOUS reserve des dispositions du paragraphe F), un des titulaires et un des suppieants qui ont siege pendant quatre ans au moins sont sortants par ordre d'anciennete au Comite, ou a egalite, sont sortants le membre et le suppleant qui ont recueilli le moins de voix lors de leur election*

^{*} ce membre est sortant a fin 1968

- P) Si plus d'un titulaire ou plus d'un suppleant est sortant ou demissionnaire la meme annee, les autres membres dont le mandat est venu a expiration conformement aux dispositions des paragraphia B) et C) continuent neanmoins a sieger au Comite, en vue d*assurer une continuity dans la composition du Comite.
- (*) Si un suppliant dont le mandat n*a pas expire se presente aux elections et n'est pas elu titulaire, il n'en conserve pas moins ses fonctions de suppleant pour la duree privue.

Procedure des elections

- 1) L'Administration de la Caisse organise les elections et choisit les scrutateurs au sein du Comity de Gestion.
- 2) Les quatre titulaires et les quatre suppleants sont nommes au vote secret par les membres de la Caisse.
 - 3) Ont droit de vote tous les membres de la Caisse d*Assurances.
 - 4) Sont eligibles tous les membres de la Caisse d*Assurances.
- 5) La duree du mandat des titulaires et des suppliants est de quatre ans. lis sont reeligibles.
- 6) Les candidatures, appuyees par neuf membres de la Caisse au moins, doivent etre prisentees dans <u>les huit .jours ouvrables</u> qui suivent l'annonce des Elections.
- * 7) Les candidatures doivent etre remises a 1 Administration de la Caisse. Le candidat y joint une declaration par laquelle il affirme connaitre les responsabilites que comportent les travaux du Comite de Gestion et s'engage a y prendre une part active.
- 8) Au plus tard dix <u>jours ouvrables</u> apres la cloture du depot des candidatures, chaque electeur doit faire parvenir son bulletin de vote sous double enveloppe a 1*Administration de la Caisse. Sur I'enveloppe extirieure collee, il indique son nom et appose sa signature. L'enveloppe interieure ne doit contenir que le bulletin de vote et ne comporter aucune indication permettant d'identifier l*electeur.
- 9) Les electeurs doivent marquer d*une croix le nom des candidats pour lesquels ils votent. Chaque bulletin comporte un nombre de croix au plus egal au nombre de vacances a pourvoir, sous peine d'etre considere comme nul.
 - 10) Le depouillement du scrutin est public.
- 11) Les candidats qui obtiennent le nombre de voix le plus eleve sont proclames membres titulaires, les suivants sont proclames suppliants. Lorsque plusieurs candidats recueillent un nombre egal de voix, il est precede a un tirage au sort.
- 12) Les contestations eventuelles doivent etre presentees par ecrit a 1*Administration de la Caisse dans un delai de six jours ouvrables a compter de la proclamation des resultats.
- 13) Les membres elus entrent en fonctions le ler Janvier qui suit la date de leur Election. Si cette election a lieu au debut de 1*annee, ils entrent immediatement en fonctions.

* Propositions de candidature, voir derniere page

STAFF INSURANCE SCHEME (Pension Fund and Savings Fund)

ELECTION of staff representatives and their alternates to the Management Board of the Staff Insurance Scheme.

According to the Regulations of the Staff Insurance Scheme, the Management Board of the Scheme is responsible for organizing the election of staff representatives and their alternates to the Management Board of the Staff Insurance

It should be recalled that the Management Board is composed as follows:

- 4 ex officio members : The Director of the Administration Department

> (Chairman of the Board) The Head of Finance Division (Manager of the Scheme) The Head of Personnel Division The member appointed by the Director-General

4 ordinary members elected by the staff : Messrs. T. Ball

P. Mollet

* P. Iselin

G. Amato

- 4 alternate members elected by the staff;

Messrs. Y. Chevret

F. Bonaudi

L. Montanet

J. Geibel

* This member is due to retire at the end of 1968..

You will find attached the procedure for the elections, approved by the Finance Committee and by the Management Board and accepted by the Staff Association.

This procedure was drawn up with a view to ensuring a regular renewal of the members elected by the insured members, while preserving an element of continuity in the work of the Management Board.

In accordance with this procedure, it will, therefore, be necessary to elect one member and one alternate member for

Procedure for the election of staff representatives and their alternates to the Management Board of the Staff Insurance

- (A) The four ordinary members and the four alternate members representing the staff on the Management Board of the Staff Insurance Scheme shall be elected by the staff by secret ballot. The elections shall be organized by the management of the Staff Insurance Scheme. The candidates who poll the highest number of votes shall become ordinary members; those receiving the next highest number of votes shall become alternate members.
- (B) Subject to the provisions of paragraphs (C) and (F), ordinary members and alternates shall be elected for a term of four years. They shall be eligible for re-election.
- (C) Elections shall take place once a year and the term of office of those who are elected shall begin on the 1 January following their election. Subject to the provisions of paragraph (F), ordinary members and alternates who have served on the Management Board for four years shall retire.
- (D) Elections shall be held simultaneously to replace ordinary members and alternates who have retired or resigned from the Board during the year. Until the elections have been held, members who have resigned shall be replaced by alternates. Alternates shall also replace members when the latter are prevented from attending a meeting. For the purpose of the present paragraph, alternates shall replace ordinary members in order of seniority of service on the Board or, if several alternates are of equal seniority, in accordance with number of votes they have polled at the election.

- (E) Subject to the provisions of paragraph (?), one of the ordinary members and one of the alternates who have served on the Board for at least four years shall retire in order of seniority of service on the Board, or, if several of them are of equal seniority, the member and the alternate who polled the lowest number of votes at the election shall retire first.
- (p) When more than one ordinary member or more than one alternate retire or resign from the Board in the same year, the remaining ordinary members or alternates whose term of office has expired, in accordance with the provisions of articles (\$ and (c), shall nevertheless continue to serve on the Board, in order to ensure continuity in the membership of the Board.
- $(\,G\,\,r\,)$ If an alternate member whose term of office has not yet expired offers himself for election as an ordinary member and is not elected, he shall nevertheless remain in office as an alternate for the duration of his term.

Rules for Election Procedure

- 1) The Management Board of the Staff Insurance Scheme shall organize the elections and it shall choose the polling officers from among the members of the Management Board.
- 2) The four elected ordinary members and their alternates shall be appointed by the staff by secret ballot.
- 3) All members of the Staff Insurance Scheme shall be entitled to vote.
 - 4) All members of the Staff Insurance Scheme are eliqible.
- 5) The term of office of the ordinary members and their alternates shall be four years. They shall be eligible for re-election.
- 6) A nomination shall require the support of at least 9 members of the Scheme and shall be put forward within eight working days from the announcement of the election.
- * ?) Nominations shall be submitted to the Management of the Scheme. The candidate shall attach a declaration stating that he is aware of the responsibilities pertaining to the work of the Management Board and he shall undertake to take an active part in that work.
- &) Every voter shall enclose his ballot paper in an envelope which shall be sealed, placed in another sealed envelope and sent by him to the Management Board of the Scheme, not later than ten working days after the closing date for nomina tions. On the outer sealed envelope the voter shall indicat his name and append his signature. The inner envelope shall contain only the ballot paper and shall not bear any indication disclosing the identity of the voter.
- 9) Voters shall mark with a cross the names of the candidates for whom they vote. A ballot paper shall not bear a greater number of crosses than the number of vacancies to be filled, otherwise it shall be considered null and void.
 - 10) The votes shall be counted in public.
- $1\,1$) The candidates who poll the highest number of votes shall become ordinary members; those receiving the next highest number of votes shall become alternate members. In the event of several candidates polling an equal number of votes, lots shall be drawn.
- $1\,2\,)$ Any objection must be forwarded in writing to the Management Board of the Scheme within six working days from the announcement of the results.
- $1\,3$) The members elected shall take up their duties on 1st January following the date of their election. If the election takes place at the beginning of the year, they shall take up their duties forthwith.

Rencontres de Midi

En complement a sa conference du 16 decembre aux "Rencontres de Midi", la doctoresse Perret-Gentil a eu l'amabilite de nous communiquer les titres des ouvrages mentionnes au cours de son expose :

- "Avortement et Contraception", par le Dr. G. Perret-Gentil Editions Delachaux et Niestle, Neuchatel
- "Ainsi commence la vie"
 (toutes les reponses aux questions de vos enfants sur la sexualite)
 par Jules Power, Editions Robert Laffont, Paris

Un compte-rendu de ces ouvrages paraitra prochainement dans le periodique de l'Association, "Le Proton Dechaine".

<u>L'EGLISE ET LE PLANNING</u> FAMILIAL

mardi 21 Janvier 12h30 Salle du Conseil Nous avons eu la chance d'obtenir l'accord du Reverend Pere Henri de Riedmatten qui sera notre conferencier de la prochaine Rencontre de Midi. Le Reverend Pere fut le secretaire de la Commission que le Pape avait convoquee pour etudier le probleme du controle des naissances avant de publier l'Encyclique "Humana vitae". Le Reverend Pere traitera d'une maniere generale le role de l'Eglise et de la religion par rapport au planning familial. La conference, donnee en francais, sera suivie d'une discussion ou les questions en anglais seront egalement les bienvenues.

FAMILY PLANNING AND THE CHURCH

Tuesday 21 January 12.30 p.m. Council Chamber We have been very fortunate in obtaining the services of the Reverend Father Henri de Riedmatten who will be our guest speaker in the next Rencontre de Midi. Father de Riedmatten was the secretary to the commission on birth control that advised the Pope before his publication of the encyclical "Humana Vitae". He will discuss in a general way the role of the Church and Religion in decisions on family planning. His talk will be followed by a discussion at which time questions from the floor will be very welcome. The talk will be given in French but questions may be asked in English.

A.RTES DE VOEUX

Permanence

Cours de ski

A partir de vendredi 10 Janvier, vous pourrez venir retirer vos licences et cartes de cours.

La permanence est ouverte de 16 h 45 a 18 h.

Les lecons ont commence samedi 4 Janvier au Col de la Faucille et se poursuivront jusqu'au samedi 15 fevrier, tous les samedis.

Nous vous rappelons les horaires des lecons .

- le matin 10 h - 12 h

attend.

- l'apres-midi 14 h - 16 h

Soyez a l'heure et n'oubliez pas vos cartes de cours.

II reste quelques cartes de cours, vous pourrez les retirer a la permanence encore ce vendredi 10 Janvier.

POPTBALL CLUB

ATTENTION

Pour des raisons independantes de notre volonte, nous nous voyons obliges de convoquer l'Assemblee Generale Annuelle, prealablement prevue pour le 16 Janvier 1969, le <u>JEUDI 25</u> JANVIER 1969f a 17 h 50> dans la Salle du Conseil, Batiment Principal.

AUTOMOBILE CLUB

Des le 13 Janvier 1969- l'Automobile-Club CERN mettra a disposition de ses membres. un service d'information generale, touchant plus particulierement les problemes d'assurance-automobile et de circulation routiere, en relation avec les compagnies d'assurances, la police, et les organismes tels que TCS et ACS.

 $\underline{\text{M}}$, G. KUX (Division PE) en assurera la gestion, a son bureau, Labo 4t 2eme etage, le lundi et le <u>jeudi</u>, a partir de $13\,\text{h}.30$, sur rendez-vous pr^alable (<u>int. 4054</u>)*

D'autre part, il est pr^vu de faire effectrer par le TCS un control e technique gratuit des vehicules des membres de l'Automobile-Club (controle valide par un certificat et reconnu par la police). Des informations complementaires seront publiees sous peu a cet effet.

Precisons enfin que $\frac{1}{a}$ (dans le hangar couvert de la station de lavage) sera mis \overline{a} la disposition des membres a la fin de ce mois. Les renseignements definitifs seront communiques dans un prochain numero.

"THE BALLAD OF A SOLDIER" by Tchoukral, USSR $i\,9\,6\,0$. Original version. French and German sub-titles.

A 19 years old soldier having destroyed two nazi tanks is given 6 days home leave. During a difficult journey he meets a very young girl whom he grows to love after the adventures they live together. He leaves her without knowing her address and arrives at his mother's with scarcely time left to kiss her goodbye as the 6 days are up.

This film won an award in Cannes $(i\,9\,6\,0)$. It is both romantic and sensitive, it depicts the war, its heroics, its horrors and its cowardice at the simple soldier's level.

The best sequences ares the hero's panic when faced by the tanks; the meeting with a woman who is deceiving her soldier husband 5 a journey in a lorry over the deformed roads; the love and sudden separation of the young couple in the overcrowded trains; the last meeting with the mother.

Tchoukral said "In this film I wanted to talk to my comrades, men of my age who became soldiers when they left school. I wanted to show what sort of man my hero was. Leaving out all battle scenes, I tried to find a subject which would evoke war". (Dictionary of Films - G. Sadoul)

"<u>LA BALLADE DU SOLDAT"</u> de Tchoukral, URSS **I960**. Version originale. Sous-titres en frangais et allemand.

CERN YACHT CLUB

Activities during 1968

Programme for 1969

Subscriptions for 1969

For list of members of 1969 Committee, please see p. 9 of Bulletin 50 (1968).

Considering a late start to the season due to problems relating to maintenance of its three boats, the sailing section of the Club Nautique is proud of its achievements.

- 97 members (as opposed to 71 in 1967, 43 in 1966 and 23 in 1965) of which 59 were newcomers to sailing and 21 were experienced yachtsmen. 30 of the newcomers finished satisfactorily the course and were able to enjoy use of the section's boats.
- 400 lessons of which 70 consisted of "intensive" courses held during July, were given by our eleven instructors and the full-time instructor during July $_{\circ}$
- $\,\,$ 5 theoretical lectures in French and 5 in German were given by Messers Florent and Kesseler. The French version was duplicated and given to all members.
- $4~\rm meetings$ were held at which between $30~\rm and$ $45~\rm members$ were present. A very enjoyable evening was spent dining at Corsier, where members had an opportunity to get to know each other better.

Our aims for 1969 are the following:

To have a maximum of $1\,1\,0$ members (late applications would have to be turned down l) of whom approximately 20 would be from outside Cern in order to prevent us from becoming too introspective.

To have a fleet of 4 boats:

"Cernios" rebuilt by a boat-yard (or perhaps a plastic boat used for lessons, for whose purchase we have asked for money from the Administration).

Two new plastic "Triolet" type yachts
The "Vaurien" the veteran of our fleet

The Cern Yacht Club will continue to be based at Versoix, where we are now firmly established. It will be affiliated to the Morges Yacht Club. Thus enabling the more sporting members to participate in regattas. A theoretical course in English will be distributed. A sailing week-end, including free trips on the lake, will start off the season•

We have heard from an official source, usually very well informed, that the summer of $1969\ \text{will}$ be extremeley propitious for sailing i

In order to achieve our aims, we need to have income as soon as possible. That is why at the meeting held on November $28 \, \text{th}$ the following rates were approval :

Active members (employed at Cern): 60 francs + 10 francs for maintenance (this sum of 10 francs will be refunded to all those who have spent at least, two hours on maintenance or other work for the Club)

This subscription will be increased by 10 francs if paid after March 1st 1969*

Associate members (families of Cern staff) : 60 francs Associate members (active members not falling into one of the above categories) : 60 francs + 20 francs

Payment of these subscriptions will allow for as many lessons as necessary (both for beginners and for more advanced sailors) and will allow for unlimited use of the Club's boats.

N.B. In Geneva, a series of five lessons costs 40 francs and to hire a sailing boat costs 12 francs per hour. A comparison with our rates is extremely favourable to us.

The Yacht Club now exists but as yet has no assets. The two new boats can not be ordered unless the money is available. If you wish to join the club for the 1969 season, please fill in the reply coupon attached below and return it to us. We will then get in touch with you. By joining now you will pay less and will allow the Club to achieve its aims and to serve you better.

Maintenance

Thanks to the help of various people, the boats are on the Cern site, where they can be worked on, protected from the elements. Compared with last season there is not much work to do. If you are free on Saturdays or regularly one evening, please use the reply coupon published on page 10 of this Bulletin to inform the Committee.

ASSOCIATION DU PERSONNEL C O N F E R E N C E

HORMONES SEXUELLES ET ESPACE-MENT PES NAISSANCES

par le Professeur M. REMAER

Mardi 14 Janvier 1969 a 20.30 Amphitheatre

STAFF ASSOCIATION CONFERENCE

$\frac{\text{SEX HORMONES MP THE SELECTIVE}}{\text{TIMING- OF BIRTHS}}$

by Professor M. RENAER

Tuesday 14 January at 20.30 Auditorium

Le Professeur Marcel RENAER est docteur en medeeine k l'University de Louvain en Belgique. II obtint en 1946 le titre d'agrege de l'enseignement superieur avec un memoire intitule "Le Metabolisme du fer chez la femme enceinte et chez le nouveaune". II est professeur de gynecologie et d'obstetrique ainsi que de morale medicale. Ces 20 dernieres annees il s'est particulierement interesse a la mortality p6rinatale,

L'usage de certains steroldes sexuels constitue a l'heure actuelle la methode la plus elegante d'espacement des naissanees, Elle est employee de par le monde, sur une eehelle sans cesse croissante.

A part la pilule de Pincus et Rock, deux autres methodes de contraception sont egalement fort repandues : la methode sequentielle et les progestogenes administres de faeon continue, Trois autres methodes sont a l'etude : la "mini-pilule", la "morning-after pill" et les progestogenes a action prolongee administres en injection.

La conference a pour but d'indiquer le mode d'action de ces differences methodes, leur efficacite, leur acceptability, leurs inconvenients mineurs et les dangers eventuels.

Le Professeur M. Renaer a egalement etudie la douleur ehronique dans la pratique gyneeologique. Un livre sur "La Douleur chronique en gynecologie" est sous presse,

II s'est egalement occupe ces dernieres annees, du traitement de l'infertility par absence d'ovulation.

La projection de diapositives aecompagnera cette conference, qui sera donnee en français et traduite simultanement en anglais.

Professor Marcel RENAER is a Poctor of Medicine at the University of Louvain in Belgium. In 1946 he obtained his "agregation de l'enseignement superieur" with a paper entitled "The metabolism of iron in pregnant women and new-born babies". He is a Professor of Gynaecology and Obstetrics, and of Medical Ethics. For the last twenty years he has been particularly interested in perinatal martality.

At present, steroids offer the most convenient form of birth control. They are used on an increasing scale throughout the world.

Apart from the Pincus and Rock pill, there are two other methods which are very w?_dly used: the date-method, and that of constantly administering progestogens. Three further methods are at present being studied; the "mini-pill", the "morning-after pill" and the long-duration progestogens, which are given by injection.

The lecturer will describe the way in which each of these various methods work, their efficiency, acceptability, minor disadvantages and possible dangers.

Professor M. Renaer has also made a study of chronic pain in gynaecological practice, A book entitled "Chronic pain in gynaecology" is about to be published.

In recent years he has also studied ways of treating infertility due to a failure of the ovulation process.

A number of slides will be shown during the course of the lecture which will be given in French, with simultaneous interpretation into English.
